

/home/afrodith/IDDRRA
_v3.6/IDDRRA_paper/include
/SteppingAction.hh

```
graph BT; A[SteppingAction.hh] --> C["/home/afrodith/IDDRRA_v3.6/IDDRRA_paper/include/SteppingAction.hh"]; B[SteppingAction.hh] --> C;
```

The diagram illustrates a file inclusion or dependency structure. At the top, a gray rectangular box contains the full path to a header file: `/home/afrodith/IDDRRA_v3.6/IDDRRA_paper/include/SteppingAction.hh`. Below this box, there are two white rectangular boxes, each containing the text `SteppingAction.hh`. A blue arrow points from the left `SteppingAction.hh` box to the gray box, and another blue arrow points from the right `SteppingAction.hh` box to the same gray box. This suggests that both source files are including the header file located at the specified path.

SteppingAction.hh
