

G4DNAPARSER::Command

```
classDiagram
    class G4DNAPARSER_CommandWithOption["G4DNAPARSER::CommandWithOption"]
    class G4DNAPARSER_Command["G4DNAPARSER::Command"]
    G4DNAPARSER_CommandWithOption --|> G4DNAPARSER_Command
```

The diagram illustrates a class hierarchy. At the bottom is a white rectangular box labeled "G4DNAPARSER::CommandWithOption". A vertical blue arrow points upwards from this box to a gray rectangular box at the top labeled "G4DNAPARSER::Command". This indicates that "G4DNAPARSER::CommandWithOption" inherits from "G4DNAPARSER::Command".
